 - b. This will be on uneven surfaces and on slippery surfaces caused by ice, smooth surfaces, and grease.
 - c. This can be done up to 150 times per day.

Physical Demands:

- The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with minor disabilities to perform the essential functions provided they are capable of maintaining a valid Commercial Driver's License and Commercial Driver Medical Certificate per CFR 49 Part 391.41 and 391.43.

- While performing the duties of this job, the employee is regularly required to sit, talk, hear and conduct physical activities. The employee is frequently required to walk and climb short heights as well as operate other machinery/heavy equipment (as qualified to operate) and tractor-trailer units. Specific vision abilities required by this job include close vision, distance vision, color vision, peripheral vision, depth perception, and ability to adjust focus.

Work Environment:

- The work environment characteristics described here are representative of those an employee will encounter while performing the essential functions of this job. The employee will be working in a motor vehicle operating in industrial, over-the-road environments, in high heat and humidity as well as extreme cold weather, including precipitation and dusty conditions. Reasonable accommodations may be made to enable individuals with minor disabilities to perform the essential functions, provided they are capable of maintaining a valid Commercial Driver's License and Commercial Driver's Medical Certificate as outlined above.

- The noise level in the work environment ranges from low to high, dependent upon the environment at the time the work is being performed.
